

Year 3 Easter holiday homework

Beale Park bilingual animal fact file research

Choose one of the animals in the list at the bottom of the page. Find out information about your animal in both languages (English and French, Spanish or German). Use books, the internet, television programs and talking to knowledgeable people. After the holidays bring into school your notes and photos, or drawn pictures, that you have found. Make sure some of the information is printed or written in French, Spanish or German. You will use your information to make a bilingual A4 poster about the animal in school. The posters will be copied to make an animal book that each group can use during the trip to Beale Park. You will present the information during the trip.

You could start by finding out:

- Where in the world they usually live (what countries).
- What kind of habitat they live in.
- How long or tall the animal is.
- How many years they live for.

I wonder what else you can discover about the animal you chose?

capybara	black-tail prairie dog	barn owl
fallow deer	Cameroon sheep	great grey owl
alpaca	Asian short-clawed otter	guinea pigs
raccoon	meerkat banded mongoose	blue & gold macaw
meerkat	ring tailed lemur	greater rhea
wallaby	squirrel monkey	Indian blue peafowl
